**10. STUDENT BOARD MEMBER REPORT**

The Student Board Member Reports were presented by Cathedral City High School Student Board Member Sophia Gonzales and Palm Springs High School Student Board Member Keona Corona.

**11. PRESENTATION**

**a. LATE START LEGISLATION UPDATE (OE-10)**

Dr. Simone Kovats and Dr. Brian Murray provided an update to the Board of Education on Senate Bill 328, Late Start Legislation that begins school year 2022-23.

**12. PUBLIC COMMENTS:**

Clerk Gerrell stated that no electronic comments were received.

Executive Assistant Erika Barragan stated that no telephonic comments were received.

Member Gerardi stated there are no in-person comments.

**13. BOARD MEMBER COMMENTS:**

- Member Espericueta:
  - Thank you, Sophia and Keona, for your good presentations. You always do a good job.
  - I attended the Equity Community Conference last Saturday. I was very impressed starting with the Agua Caliente Tribal Bird Singers. It was a good detail from the Agua Caliente Tribe. I see that there were 117 participants which was a very good turnout. It was three hours of good presentations and conversation.
  - That same day I also attended the Black History Committee Gala at the Hilton hotel. It was a good event to honor special community members that do a good job for the community and for the children.
  - I attended a workshop for parents with children with special needs. It was a good presentation and explanation hosted by Ruby Rivera and Jim. Thank you for the explanation about how the LCAP assigned money to the special education children.
- Member Wood:
  - I want to thank Joan because she always makes sure we are scheduled and have the right materials in place for going out and talking to different organizations in our community. She put me in front of the Rotary Club in Rancho Mirage this last week. It was a nice way to connect with another part of our community and they do so much for us and every one of their chapters donate books to schools and I would like to thank them for their involvement.
- Member Gerrell
  - I am excited to hear that you Sophie have been behind the blue coming back and your broadcast is amazing. You are going to do really well with it. Thank you, Keona for the Palm Springs High School update.

- I had the pleasure to present to the Thousand Palms Community Council meeting on January 27<sup>th</sup>. I had a short time to present but I learned a lot about the Thousand Palms community, and I encourage all of the members around the Thousand Palms area to attend the meetings on Zoom and learn about the community.
- I received information from Joan Boiko about our attendance and this first weeks in January and it is so refreshing to see the dashboard and to see that our attendance rates are up and that more students are attending every day. That is so positive.
- Joan Boiko gave us coverage for the Equity Conference and discussions cultural topics and differences. And thank you Joan for helping us connect with the community. It is so critical. And thank you to all of the team and Malik Mohammed, the keynote and all of the people that presented throughout the morning. It was the second annual conference; I am excited to see more than one year
- Member Gerardi
  - Thank you, Sophia and Keona, your presentations were very well done. You make me long for spirit week and again. They sounded very fun.
  - Bravo to the people that put together the Equity Conference, it was so well done starting with the singers to welcome us in the morning and Dr. Muhammed, gave a very poignant and well received opening remarks. I was so impressed, and I learned so much about how poverty affects education and student learning.
  - I want to remind everyone that the district has an agreement with Food Now in Desert Hot Springs to provide 120 backpacks every weekend to students who need food over the weekend. That agreement continues and the Pontus Family in Desert Hot Springs has donated a thousand dollars a month for this entire school year to help fund that program. I wanted to thank them for their generosity.
  - I wanted to thank staff, I have been here for eight years, and I have always wanted our study sessions to be more informal in the round so to speak, so we could have discussion. Dr. Swize made that happen to night and I appreciate that effort and the effort of the maintenance staff to make it happen. I think that it just lends to better dialog amongst us.

#### 14. **SUPERINTENDENT'S REPORT:**

- Public Health Update: I have good news to report this time. Since our last meeting we had a case rate of 255 per 100k in Riverside County and today it is at 107.1 out of 100k. Our positivity rate is down from almost 30% to 23% and our district dashboard shows 195 students and 19 staff members that currently are positive. We continue to offer testing and vaccination clinics all across the district. We purchased additional home tests for the students that we have distributed. Thank you to Renee and her department who worked very hard to make that happen. Also each staff member has been given two tests for home use and we will be giving students another round of home tests to take. We are trying to determine when the best time for us to do that will be, but it will be coming soon.

- I had a very special day today that I want to share with the public and the board. Last week some classrooms at Sunny Sands were talking about kindness and for kindness week they wrote letters to me expressing their gratitude and encouraging me to continue to be a kind leader and let me know that they were being very kind. That is something that really warmed my heart and as you know that is something that I take very seriously in the district, is treating ourselves with kindness and respect. After I received these beautiful letters, some of which Joan Boiko will be posting later, I went to the schools to answer some of their questions and thank them for their letters and to encourage them to practice kindness every day. Thank you to Monica and Erika for giving me goodie bags to take to the teachers to treat the students and I promised to be back.
- The Equity Conference has already been mentioned, but what a great day it was on Saturday. So proud of all the work and all of the people who made that happen.
- Another event that happened recently, Member Espericueta and I were at the Every Student Succeeding awards sponsored by the Palm Springs Leadership Association, where one student from every school was honored for overcoming incredible odds. That was a great ceremony, and it was very nice to be there with Member Espericueta. There was a great story in the Palm Springs Post and I want to thank them for their partnership.
- On tonight's agenda, there are three separate contracts for a company called Vytrac and Vytrac is a company that we are using to test for COVID-19. We also work with them to do contact tracing as well as staffing out care rooms across the district. We have separate contracts with this company because they are separate services. The largest contract is for our rapid testing which again they are the people who are doing the testing when I so proudly say that we offer testing to staff, students and families. In the consent agenda we have increased the amount of the contract to extend their services for contact tracing and also to ensure that we continue to have high quality staff working with us from Vytrac so you will see those contracts this evening.
- There is also a board agenda resolution for the district to have the ability to hold remote board meetings if necessary. This is required for us if we needed to go back to Zoom board meeting. We would be required to approve this every month, so I am recommending that we do that for the foreseeable future just to continue to give ourselves flexibility. We are bringing a resolution for February and then at the next meeting on the 22<sup>nd</sup> we will bring another resolution for March.
- I also want to mention our study session with the board regarding our Trustee Area Redistricting. The board will be voting at the February 22<sup>nd</sup> meeting on the trustee areas. I want to share that I have been sharing that information publicly. Last night I was honored to attend APAC our African-American Parent Advisory Council meeting. There were excellent presentations on some local history, a great discussion, and I had the opportunity to review the trustee area redistricting process as well as answer questions.

**15. BOARD ACTION ITEMS:**

**15.a. APPROVAL OF AUTHORIZED SIGNATURES (OE-6)**

Member Cornett moved and Member Wood seconded approval.

The motion carried by the following vote:

AYES: Members Gerrell, Wood, Cornett, Gerardi, and Espericueta
